PRECONTRACT APPROVAL RECORD
(PART TWO)

CONTRACT

JM-1940/Amd #3

The services and equipment being procured by this Contract No. JM-1940 are in furtherance of the OXCAR Program(s), the nature of which cannot be publicly disclosed for security reasons. The Contracting Officer therefore determines that this procurement must be accomplished by negotiations pursuant to the authority of Section 3(a) of PL 81-110 and Class Determination and Finding, OXC 2122, signed by the DDCI on 15 October 1961.

Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956 which, in effect, results in all covert expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress (formerly 10(b) - see 85-507 dated 7/7/58) for each contract.

The following comments describe the procurement hereby effected, the terms and provisions generally of this contract/amendment, and a resume of major issues negotiated:

Amendment No. 3 to Contract JM-1940 is being written to reduce the funds obligated on the contract by the sum of \$6,500.00. These funds are excess to the requirements of this contract and will be used on the follow-on contract No. JM-1941 to cover current costs. This action has been coordinated with and requested by OSI (Messrs. [redacted])
